[1] *This month's Flash CCI for the EU aggregate is computed based on consumer survey data from 26 EU countries (all except Estonia), covering 99.8% (EU and euro area) of total private final consumption expenditure.*

[2] *The consumer confidence indicator builds on replies to selected questions addressed to consumers according to the Joint Harmonised EU Programme of Business and Consumer Surveys. More information on the consumer confidence indicator as well as time series can be found via the following link: https://economy-finance.ec.europa.eu/economic-forecast-and-surveys/business-and-consumer-surveys_en.*

[3] *September results were revised downwards due to the re-inclusion of Italian consumer survey data in the calculation of the European aggregates. The Italian data are subject to a methodological break between August and September 2026.*

Information

Data collection period: October 1-21.

Release policy of the Consumer Confidence Indicator (CCI): Every month, the Directorate-General Economic and Financial Affairs (DG ECFIN) of the European Commission releases the flash CCI for the EU and euro-area aggregates, using the data available on the cut-off date. The final Consumer Survey results are then published as part of the full Business and Consumer Survey release at the end of the month.

The Joint Harmonised EU Programme of Business and Consumer Surveys is managed by the Directorate-General for Economic and Financial Affairs, Unit A3: Economic situation, forecasts, business and consumer surveys.
